A TAN FOR EVERY TONE. A SOLUTION FOR EVERY BODY.

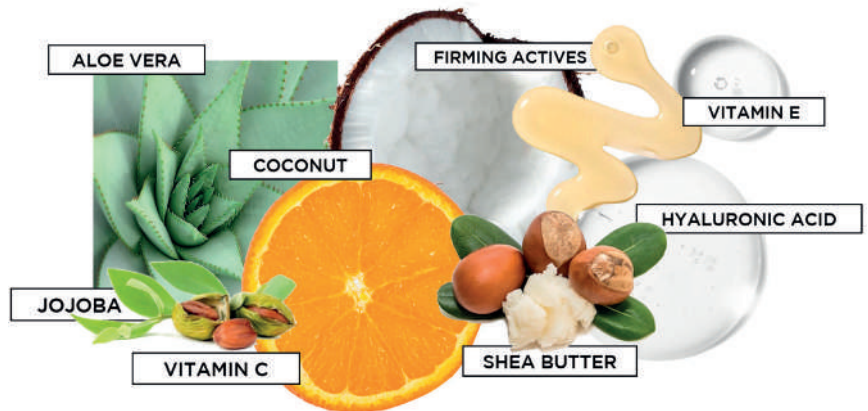

We got a glow up! Say hello to the new, fresher Crazy Angel. With a professional & retail collection that boasts an impressive portfolio of tanning products - Crazy Angel will help achieve a flawless, glowing tan. The perfect, gorgeous addition to your salon.

Why Crazy Angel?

All Crazy Angel products are designed with comfort & sustainability in mind. Crazy Angel is free from alcohol, parabens & mineral oil, utilizing skin-boosting extracts to hydrate & moisturize for longer-lasting tanning results. All products are now 100% vegan & always cruelty-free. All bottles are made from up to 50% post-consumer recycled (PCR) materials to minimize the use of single use plastics.

This is not your typical tanning brand whereby you are limited to light & dark. Crazy Angel knows that everyone is unique, with skin tone varying greatly from person to person. Crazy Angel provides a professional & personalized tanning range that suits all skin tones & types, body shapes & sizes.

Crazy Angel's Prolong & Protect Tanning Agent & naturally sourced DHA ensures each product is formulated with only the finest natural ingredients to produce unrivalled tanning results. Skin is left with a beautiful tanning glow, while also being nourished & hydrated. Every tan looks its best with Crazy Angel's skin firming technology.

Tan Eraser

Formulated to gently & effectively remove self-tan to reveal a fresh base for new tanning. With Aloe Vera & Salicylic Acid, this delicate cleansing mousse removes tan in just 5 minutes, leaving the skin feeling silky-smooth & nourished.

USE: For best results, apply generously to dry skin 3 days after application of self-tan. Leave to soak into skin for 5 minutes. Shower using warm water & a face cloth or exfoliating gloves to gently wipe away the tan.
245ml
17583

Body Polish

The replenishing Body Polish gently exfoliates to reveal fresh skin & the perfect base for tanning. The vegan, oil-free formula, infused with firming actives & Vitamin E, rebalances the skin while natural exfoliating ingredients gently scrub away dead skin cells. Skin is left feeling soft & refreshed.

USE: Gently massage onto dry or damp skin, focusing on areas prone to dryness, such as elbows & knees. Rinse off with warm water.
250ml
17584

Barrier Cream

Creates an invisible shield to protect problem areas prone to staining, such as the palms of hands, soles of feet, knees & elbows. A hydrating formula infused with Coconut & Aloe Vera helps to soften & smooth skin for the most flawless glow.

USE: Apply a thin layer onto areas that you do not wish to tan.
200ml

Express Tanning Solution

Professional tanning solution specifically formulated to develop within just 2 to 4 hours. This vegan, fast-acting formula is enhanced with Prolong & Protect Tanning Agent to optimize performance, along with skin firming actives & Hyaluronic Acid to deliver ultimate skin hydration. The result is a beautiful, bronzed glow.

USE: Protect areas prone to dryness such as knees & elbows with Barrier Cream. Lightly spray solution onto the skin, ensuring each area of the body is evenly covered.

For a light tan: Shower after 2 hours
For a medium tan: Shower after 3 hours
For a dark tan: Shower after 4 hours
200ml
17589

Gradual Tan

Build a daily natural tan with this lightweight gradual tanning formula. This moisturizing lotion, with just a hint of Prolong & Protect Tanning Agent, creates a glowing tan. Enriched with nourishing Shea Butter to help smooth the skin, & Caffeine for firming the skin. Achieves a natural glow day after day.

USE: Apply daily to the face & body until desired color is achieved. Use circular motions when applying. Avoid elbows, knees & feet. Wash hands after application.
250ml
17590

Tanning Drops

Customize skincare & body products with personalized tanning drops for a tailor-made, effortless glow. Create a tanning solution that perfectly matches any skin tone.

Key active ingredients Shea Butter, Vitamin C & Hyaluronic Acid contain anti-oxidant properties to hydrate the skin, & fight free radicals & damage caused by UV rays. Mix these concentrated drops with any usual moisturizer or serum for a personalized, effortless glow with no streaks or transfer.

USE: Mix 5-12 drops into any moisturizer or serum in the palm of the hand & evenly apply to the skin. The more drops you add, the deeper the tan. Wash hands thoroughly after use.
30ml
17591

Clear Self-Tan Mousse: Medium

Hydrating self-tan water to mousse formula enriched with skin-boosting extracts & acceleration technology. Contains Shea Butter, Vitamin C & Hyaluronic Acid to smooth & soften skin. This lightweight foam glides onto the skin for natural, glowing results with zero color transfer.

USE: Apply mousse to clean, exfoliated skin using a tanning mitt. Blend onto the skin in a circular motion & leave to develop for 4-6 hours.
200ml
17592

Self-Tan Water: Medium

Hydrate & glow with luxurious Self-Tan Water. With acceleration technology, this lightweight, clear formula is packed with skin-loving ingredients that will leave a natural, flawless tan.

Contains Shea Butter, Vitamin C & Hyaluronic Acid to smooth & soften the skin.

USE: Spray generously onto clean, exfoliated skin. Using a tanning mitt, blend in large, circular motions. Leave to develop for 4-6 hours.

200ml
17593

Express Liquid Tan

Easily glides onto the skin to give an instant bronzed glow that will continue to develop in just 4 hours.

The combination of Prolong & Protect Tanning Agent, with Vitamin E & Mexicana Flower Extract, will work to hydrate & enhance skin radiance. Results in a dark, flawless finish.

USE: Apply to clean, exfoliated skin. Spray directly onto a tanning mitt & evenly blend over the body & face in large, circular motions. Allow 5 minutes before dressing. Avoid contact with water for up to 4 hours.

200ml
17594

Self-Tan Mousse: Medium/Dark

This quick-drying mousse is the perfect lightweight solution to deliver a deep tan with a natural finish. Enhanced with Prolong & Protect Tanning Agent, along with firming actives & Shea Butter, this vegan formula helps to nourish & smooth the skin for a streak-free, natural, sun-kissed glow.

USE: Apply mousse to clean, exfoliated skin. Using a tanning mitt, blend onto the skin in large, circular motions. Leave to develop for 4-6 hours & shower to reveal a new, glowing tan.

245ml
17595

Self-Tan Lotion: Medium/Dark

Achieve a deep, long-lasting glow with this lotion. Enhanced with Prolong & Protect Tanning Agent, along with firming actives & Shea Butter, this quick-drying, lightweight formula will help to nourish & smooth the skin for a streak-free, flawless finish.

USE: Apply to clean, exfoliated skin. Using a tanning mitt, blend in large, circular motions, skimming over elbows, knees & feet. Allow 15 minutes to dry before dressing. Full color development is achieved in 6-8 hours. Avoid contact with water during this period. Color guide will wash off when showering.
